Chuck,

Maybe we can discuss this a little later today or tomorrow. I am still working on this site, somewhat extensively. We plan to plug the Red and Bonita mine this summer. Extensive investigative sampling is underway elsewhere.

Hope you are well.

Talk with ya later.

Steve

Hey Steve –

I got roped back into AECOM to work on a Corp of Engineers proposal for a data review of Upper Animas River. They want me to do the project management if we win.

I know you did a lot of work up there, **Nonresponsive** Red & Bonita **Nonresponsive**
